

Jelena Kovačević-Majkić, Ph.D.

Research Associate

Geographical Institute "Jovan Cvijić" of the Serbian Academy of Sciences and Arts

Djure Jakšića 9, 11000 Belgrade, Serbia

Phone: +381-11-2636594, +381-65-8215762

Fax: +381-11-2637597

E-mail: j.kovacevic@gi.sanu.ac.rs

Area of interest

physical geography, general hydrology, natural resources, natural hazards

Education

- Ph. D. Faculty of Geography, University of Belgrade. Thesis: Torrential floods assessment in Serbia; July 2018
- MSc studies: Faculty of Geography, University of Belgrade. Thesis: Hydrological characteristic of the Skrapež River and water management problems in its basin; March 2008.
- BSc studies: Faculty of Geography, University of Belgrade; graduated in 2000
- Grand Combin Summer School. Course theme: "Physics and Predictability of rainfall and floods". St. Oyen, Italy, 2002
- International workshop "Fresh water assessment: developing tools for classifying and evaluating rivers and lakes for conservation and management", IAD national committee of Serbia and Montenegro, Novi Sad, 2005

Employment

- since 2003: Geographical Institute "Jovan Cvijić" of the Serbian Academy of Sciences and Arts
- 2001-2003: Geographical Institute "Jovan Cvijić" of the Serbian Academy of Sciences and Arts - Scholarship holder, funded by the Ministry of Science and Technology of the Republic of Serbia

Membership in professional organizations

- Serbian Geographical Society
- IAHS (the International Association of Hydrological Sciences)

National monography

Kovačević-Majkić, J. (2009). *Hydrogeographic study of the Skraperž River*. (In Serbian with summary and figure captions in English). Belgrade: Special issues of the Geographical Institute "Jovan Cvijić" and Serbian Geographical Society, No. 74, 1-133.

Papers in international journals

Recent projects

- 2011-2020: Geography of Serbia (47007 – Ministry of Education and Science of the Republic of Serbia)
- 2017-2021: The changing role of karst national parks in human-environment relations: A regional comparison (124497 - NKFI; National Research, Development and Innovation Office, under the sponsorship of the Hungarian National research, development and innovation office).
- 2018: Glac – Pannonia Project (International project with the Department of Classics and Ancient History of the University of Sydney and Archaeological Institute from Belgrade)
- 2010-2011: Natural Disasters as Factors of Transformation of Landscape and Planning Documents in Serbia and Slovenia (the bilateral agreement concluded between the Ministry of Science and Technological Development of the Republic of Serbia and the Republic of Slovenia)
- 2005–2010: Modalities of geopotentials evaluation of undeveloped regions of Serbia (146011–Ministry of Science and technological development)
- 2000–2005: Danube-Morava Corridor as the Main Axis of Regional Development and Integration of Serbia into the South-Eastern Europe (1620 – Ministry of Science and technological development)

Editor of thematic collections of papers

- Technical editor of the publications of the Geographical Institute "Jovan Cvijic" SANU: "The development and potentials of ecotourism on Balkan Peninsula", volume. I, II, III, 2003

Workbooks

- Milošević, V. M., Ćalić, J., Kovačević-Majkić, J., Milanović, A., Milivojević, M. (2012). Geography – workbook for competition. Bigz. Beograd
- Milošević, V. M., Kovačević-Majkić, J., Ćalić, J., Milivojević, M., Milanović, A. (2010). Workbook for competition in geography 2. Zavod za udžbenike. Beograd
- Kovačević-Majkić, J., Birovljev, N. (2010). Moja planeta 7 - workbook for geography for 7. grade of primary school (BIGZ, Belgrade)

Miscellaneous

- lecturer at the programs of the advanced professional training for geography teachers: 'How to protect of natural disasters" (2014-2018), "Natural disasters and geography education" (2008-2014), "Instrumental collecting of spatial data" (2010-2013), "The corridors of Serbia" (2012-2013, 2018-) and "Toward contemporary geography teaching" (2008-2009)
- author of geographic maps in Serbian encyclopedia, Matica Srpska, Serbian Academy of Sciences and Arts, Zavod za udžbenike, I (1,2)

- coauthor of Strategy of the development of Ljig Municipality (2005)
- coauthor of Strategy of the development of Kosjerić Municipality (2003)
- coauthor of study: Physical-geographic characteristics of Veliko Selo, Ostružnica, Krnjača and Čukarica settlements (2003)
- participation in the Science festivals: „Nema teorije“, topic: „Upoznaj sliv i ostani živ“ (2012) and „Sve je moguće“ (2013), topic: „Kruži, kruži i zaokruži“ (2014)
